Request for Special Interrogation of [REDACTED]

25X1X6 1. It is requested that preliminary interrogation of source [REDACTED] be accomplished on the basis of the attached questions at the earliest possible date to determine his cooperativeness and reliability and his knowledgeability concerning the Dnepropetrovsk Automobile Plant (DAZ) during the period of his employment there and afterward. An immediate reply by cable to the attached questions is requested. Detailed requirements will be forwarded upon receipt of your cable.

2. If the source has knowledge of missile production at DAZ, please initiate further questioning prior to receipt of detailed requirements. IIC-1590, which contains some additional general requirements not included in the present attachment, may be referred to for this purpose. It is emphasized that the source must not become aware of the fact that missile production has been previously reported at DAZ.
